Medical Assistance Overview

This chapter summarizes data for clients who receive medical assistance through the Economic Services Administration (ESA). Implementation of the Affordable Care Act (ACA) significantly changed ESA activities. Most medical assistance clients previously served by DSHS now apply for medical assistance through the Health Benefit Exchange (HBE).¹ In SFY 2013 and 2014, Medicaid eligibility determination for all families, pregnant women, and children transitioned to the HBE. This transition accounts for the significant medical assistance caseload decrease in DSHS beginning in SFY 2014. ESA continues to determine eligibility for some medical assistance programs, including medical programs for persons who are aged, blind, or disabled.

In SFY 2014, the Briefing Book reported numbers for clients who received both medical-only and cash-related² medical assistance. Beginning with SFY 2015, reporting is limited to programs administered by ESA because the ACA-related transition of medical programs was completed before SFY 2015.

Additional information, including the eligibility criteria, funding sources, and services/benefits provided, is available here.

TECHNICAL NOTES:

DATA SOURCES: Data for this chapter is based on the ESA Automated Client Eligibility System (ACES) database as of August 2018.

DATA NOTE:

- If counts of clients and cases served by a medical program are nearly identical, only one number is reported (clients or cases) for that program.

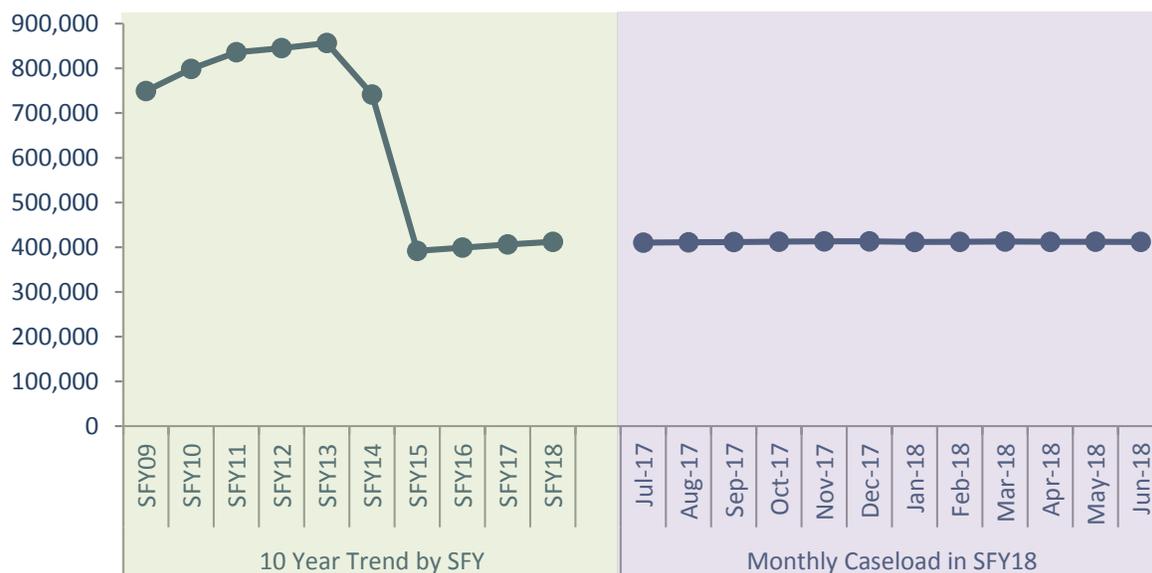

¹Rules and eligibility processes for determining Medicaid changed significantly effective October 1, 2013 due to implementation of the Affordable Care Act (ACA). Under a federal option, Washington State created a state-run Health Benefit Exchange (HBE) portal called the Washington Healthplanfinder (HPF). In addition to providing health insurance access to individuals and employers, the HPF provides eligibility determination for most Medicaid programs through a simplified automated system that is no longer tied to eligibility for ESA-administered public assistance programs. The management of medical assistance eligibility and related IT system processes were moved from ESA and the Automated Client Eligibility System (ACES) to the Health Care Authority (HCA) and the HBE. Families and pregnant women with Modified Adjusted Gross Income (MAGI) below the required federal poverty level (FPL) began accessing Medicaid through the HBE on October 1, 2013. Washington State also opted to participate in Medicaid Expansion, which qualifies eligible individuals with MAGI below 138% FPL for Medicaid. These individuals began accessing Medicaid through HBE beginning January 1, 2014.

²Medical assistance programs historically included coverage that was associated with an ESA-administered cash assistance program such as Temporary Assistance for Needy Families (TANF), Aged, Blind or Disabled (ABD) cash assistance, or Refugee Cash Assistance (RCA).

Medical Assistance Clients by Program Type, SFY 2018

Program Type	Description	Avg. Monthly Clients
Alien Emergency Medicaid (AEM)	Federally funded program for immigrants who would qualify for full-scope Medicaid except for their alien status. Coverage is limited to emergency medical conditions.	135
Healthcare for Workers with Disabilities	Medical assistance for disabled persons who are working and do not receive SSI. Premium amounts are based on income, which cannot exceed 220% of the Federal Poverty Level (FPL).	1,508
Long Term Care	Coverage for people residing in a medical institution, receiving home and community based waiver services, or receiving hospice services.	87,219
Medicare Savings Program	Programs that pay Medicare premiums, coinsurance, and deductibles for low-income Medicare beneficiaries. Income limits vary by program, from 100% to 200% FPL.	186,412
Refugee Medical	Medical assistance for refugees who are ineligible for Medicaid. Eligibility ends after the first eight months of residency in the U.S.	5
SSI Medicaid	Medical assistance for aged, blind or disabled persons who receive Supplemental Security Income (SSI). The Social Security Administration determines eligibility for SSI using income rules based on Title XVI of the Social Security Act.	115,279
SSI Related Medicaid	Medical assistance for low-income aged, blind, or disabled persons who do not receive SSI cash benefits.	24,461
Medical Care Services	Medical assistance for adults who are deemed eligible for Aged, Blind, or Disabled (ABD) cash assistance or the Housing and Essential Needs (HEN) Referral program but are immigrants under the five-year bar or legally present immigrants who are ineligible for other medical assistance programs.	2,173

Total Medical Assistance Caseload, SFY 2009 – SFY 2018

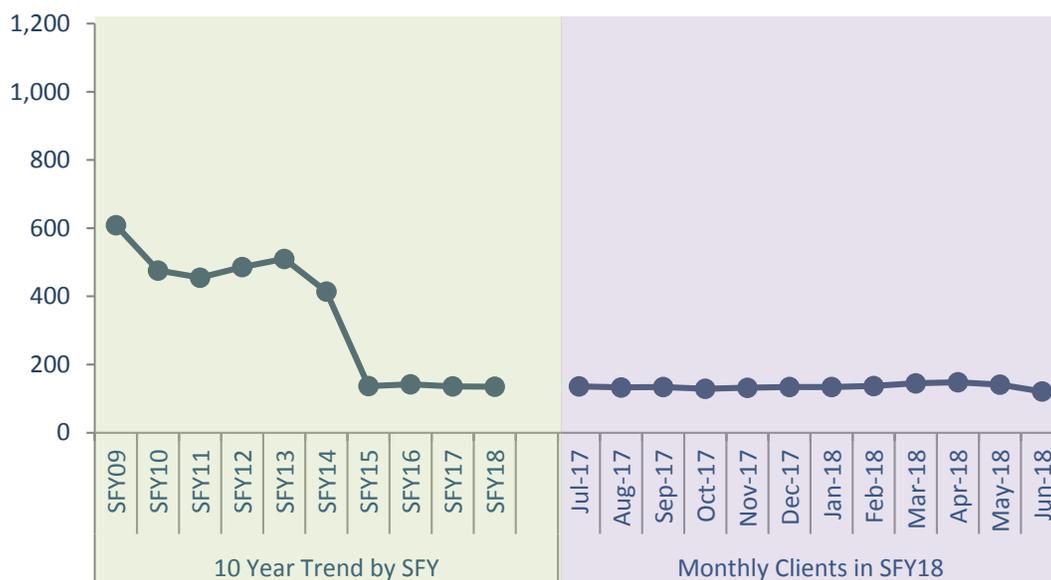

Note: The sharp caseload decline beginning in SFY 2014 is related to implementation of the Affordable Care Act and the associated transition of the administration of most Medicaid programs (including eligibility determination) to the Health Benefit Exchange and the Health Care Authority.

SFY	Mo. Avg. Caseload	SFY	Mo. Avg. Caseload

June	411,904	292,692
Mo. Avg.	412,042	292,718

³ These counts are of unique case numbers. Each client is assigned a case number for each medical program in which s/he is enrolled. A client may be enrolled in more than one medical program during the month (for example, both the Long-Term Care and the Medicare Savings programs). When this happens, multiple case numbers are assigned—one for each medical program. As a result, the monthly number of medical assistance cases may be greater than the number of medical clients.

Alien Emergency Medical Clients, SFY 2009 – SFY 2018

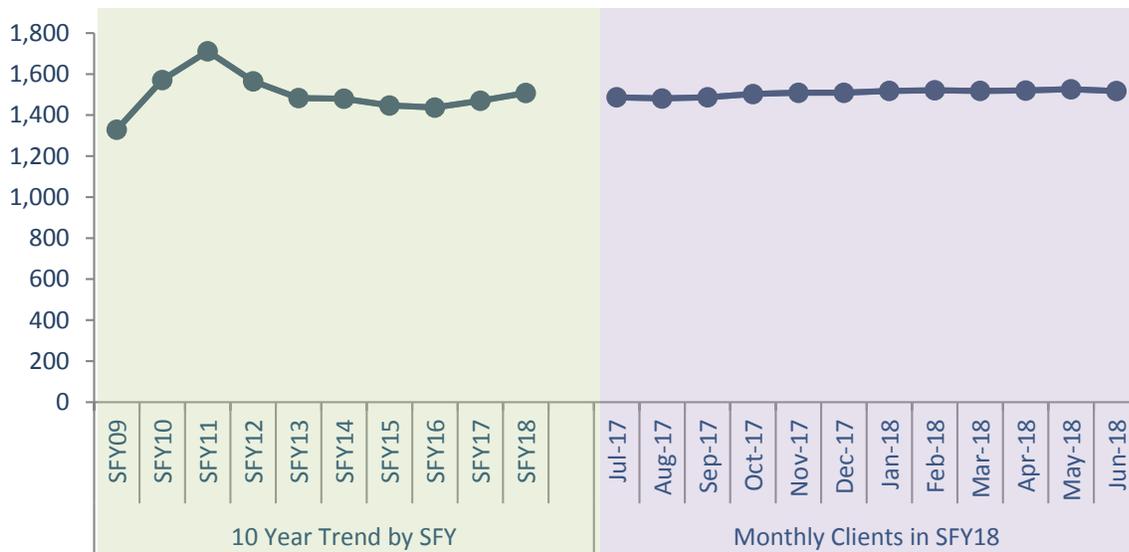

Note: The sharp caseload decline beginning in SFY 2014 is related to implementation of the Affordable Care Act and the associated transition of the administration of most Medicaid programs (including eligibility determination) to the Health Benefit Exchange and the Health Care Authority.

⁴ During the 2013 legislative session, the Washington State Legislature passed Substitute House Bill 2069, which narrowed MCS eligibility to include only ABD and HEN recipients who are ineligible for Medicaid expansion. This change maintained MCS coverage for aged, blind, disabled or incapacitated persons who are lawfully present in the U.S. and not eligible for federally funded medical assistance because of immigration status. The effective date for these changes was January 1, 2014.
