

We will need to discuss where we're at with respect to our consensus on CNBC as an ATL presumption. We need to talk about the "residence" issue - in other words, does NCP get a "deviation" if the children do not reside with her/him "all" the time - what if NCP has only visitation. And should we be coordinating with residential time subcommittee on the % issue? We should also attempt to discuss the issue of stepchildren.

As you know, we are to try and have a draft report in by noon on Wednesday 6/15 - I'll see what I can do after our meeting tomorrow.

Thank you!
